Rule AquaCharge™

RECHARGEABLE PORTABLE WATER PUMP

Overflowing toilets, flooded laundry rooms, and aquariums with dirty water are no match for Rule's AquaCharge™, the new portable and rechargeable water pump.

AquaCharge is a lightweight 1.63 kg (3.6 lbs), and is ideal for a wide range of home applications including routine hot tub and aquarium cleanings, draining clogged sinks, toilets, wet basements and laundry rooms. It is also equally effective in removing water from small marine craft such as kayaks, dinghies, canoes and sailboats. The portable AquaCharge runs on a safe, low voltage battery, which is fully submersible and can be used to pump out fresh or salt water. It includes a submersible pump, 2.45 m hose along with a battery and charging station.

Many Convenient Features:

- Pumps fresh and salt water
- Durable and fully submersible
- Easy ON/OFF control knob
- Includes rechargeable NiMH battery
- Pumps up to 750 litres of water on a single charge
- Removable filter for easy cleaning
- Connects to the included 2.45 m hose or any standard garden hose with the included hose adaptor
- Includes UK and standard European power adapters

The AquaCharge™ Includes:

Submersible Pump and 2.45 m (8')

Battery and Charging Station

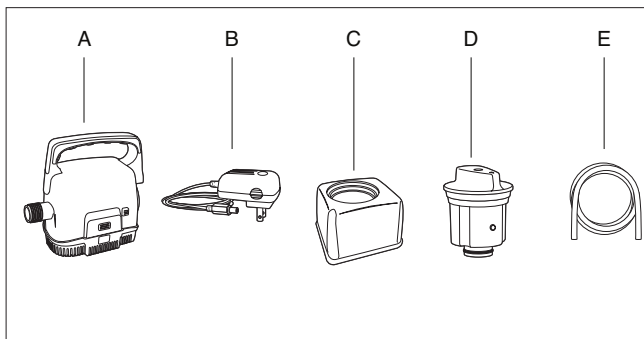

Specifications

Litres (water) per charge	Approximately 757 litres (200 gal.)
Charge Time	Approximately 12 hours
